The troops, though suffering so severely on Saturday in the face of an enemy so immensely superior, are in good spirits, and have recovered from the fatigue of the battle and long marches in the excessive heat. The rest of the army is in the best condition. The men have been supplied with food during the two days they have been under arms, and are impatient for an advance. The wounded have mostly been removed. Those still in Culpepper are well cared for. The following is a complete list, corrected this morning, of

Upon discovering what the enemy where about, Major Davis, Chief of Artillery, ordered Capt. Thompson, of the 2d Maryland, and Capt. Hall of Maine batteries into position, and in a few e range being so short and the aim so admirable, els soon abundoned their position, withdrawing their gune, and with the entire force supporting them returned to the mountain.

In the morning it was discovered that we had killed nine borses attached to the Rebel battery, and without doubt many of the gunners, whose bodies had been carried off during the darkness. Rebel prisoners taken yesterday say the artillery firing at night did them more harm than that during the day, night did them more harm than that during the day.

Curperpex, Va., Tues Generals and Colonels, those who carry shoulder straps, and those who carry knapsacks, also your correspondent—we all ask, when and where? Not one of us that does not ache to get out o' this.

As for news, I could give a mass of small things that would lumber columns. Do you care to know that Lieut. John Smith has rejoined his company to day!—that Capt. Snooks is aggrieved because Capt. Snacks has got the promotion he (Snooks) was so deserving of, and has requested me to ventilate the gross political favorium that overlooked the distinguished services of Capt. Snooks?—that Col. Tosdie has presented Gen. Betoadied a sword as a slight testimonial of, &c.?—that a squadron of the Pennsylvania cavalry, while on a reconnoissance yesterday, did n't see a Rebel, but looked for some with skillful eyes and mighty andacity?

One of those little things I will mention. Lieuts. Good and Millwood of the 72d Pennsylvania fought

eral Thomas will go up to receive them. It is under stood that we have the greater number to release, thus enabling us to make a deposit for the redemp-tion of others as we may lose them bereafter.

is Gen. McClellan not ide, but his movements and intentions are surrounded with unusual mystery. Were I permitted to do so, I could say what are the almost unmistakable inferences to be drawn from a number of things, which, taken together, furnish a satisfactory index.

Our force as well as position on the right bank of the James has been lately considerably strengthened, and no doubt the Rebels are not a little bothered to know what is results meant.

Private John Emerson, K. head, signify.
Private Lawrence W. Leafey, K. right arm, nightly.
Col. Stainrook gave me the following information in regard to the casualties in the regiment:
Col Stainrook, sightly wounded.
Major Gray, slightly wounded.
Lieut. Diets, slightly wounded.
Lieut. Diets, slightly wounded.
Lieut. Read, sightly wounded.
Lieut. Read, so wounded and prisoner.
Lieut. Read, s. r. sightly wounded.
Lieut. Reven, K. wounded and missing.
Fourteen are known to have been killed, 73
wounded, and 40 missing. Three hundred men went into the field, and only about 150 are at present accounted for.
Col. Stainrook was struck in the groin by a portion of a shell. It first nit his body-plate, and this, no doubt, saved bis life. The bugle on his hat and one of his shoulder-strape were alot away. Cel. S. behaved with remarkable coolness and bravery.
Major Gray was also wounded in the side, sup-

perform their appropriate parts toward the execution of these orders. By order of the President:

No official copy of this order has been received at these Headquarters, and the General Commanding has for this reason delayed the issuing of a General Order to carry into effect the v ews and directions of the President. Some recent occurrences in this army have, however, shown that it has become necessary

sary by the rebellious action of the State Govern

r ments.

Persons subject to suspicion of hostile purposes, reaiding or being near our forces, will be, as heretofore, subject to arrest and detention, until the cause or necessity is removed. All such arrested purties will be sent, as usual, to the Provost-Marshal-General, with a statement of the facts in each case.

The General Commanding takes this occasion to remind the officers and soldiers of this army that we are engaged in supporting the Constitution and laws of the United States and in suppressing rebellion against their authority; that we are not engaged in a war of rapine, reveuge, or subjugation; that this is not a contest against populations, but against armed forces and political organizations; that it is a struggle carried on within the United States, and should be conducted by us upon the highest principles known to Christian civilization.

Since this army commenced active operations, persons of African descent, including those held to service or labor under State laws, have always been received, protected, and employed as laborers at wages. Hereafter it shall be the duty of the Provost-Marshal-General to cause lists to be made of all persons of African descent employed in this army as laborers for military purposes; such lists being made sufficiently accurate and in detail to show from whom such persons shall have come.

Persons so subject and so employed have always understood that after being received into the military service of the United States, in any capacity, they could never be reclaimed by their former holders. Except upon such understanding on their part the order of the President, as to this class of persons, would be inoperative. The General Commanding therefore feels authorized to declare to all such employees, that they will receive permanent military protection against any compulsory return to a condition of serviced.

PRISONERS FROM MALVERN HILL.

From The Richmond Enaminer, Aug. 3.

Thirty Yankee prisoners were yesterday received at the Libby prison from Malvern Hill, which, we learn, is again in our possession, having bee retaken in a shirmish on Thursday, resulting in the capture of the above prisoners, and the loss of a femen on our side taken prisoners.

No officers were among the Yankees taken by or army on Thursday, which is a fact too significant escape remark. If taken, they have concealed the rank by the substitution of privates clothin which is easy enough among so many, and thus all much-vaunted lex talions falls to the ground. such is the fact, that there are officers among the in disguise, the utter absurdity of the retaliator order of the President is too plainly revealed to ne any comment.

UNION PRISONERS EN ROUTE FOR MORE,
From The Richmond Examiner, Aug. 9.
The train last evening brought to this city 515 of
the Yankee prisoners held at Lynchburg, who are included in the exchange agreed upon between the
United States and the Confederate Governments.
They were taken to Belle Island, whence they will
be sent forward in a day or two.

Bounties and the Black Begiment. From Our Own Correspondent. LITTLE COMPTON, R. I., Aug. 11, 1982. The bounty question is growing in magnitude as the time for its continuance grows short. The little

towns of Little Rhody, after having bled so freely in men for the war, are now, in order to keep ap the hemorrhage, pouring out their money like water in bounties. This quiet farming town, whose quots of 300,000 men is but 16, held a town meeting on Saturday, at which a bounty of \$500 per man was offered. To pay the same bounty for the quota of New-York City would require over \$6,000,000. This liberality is not isolated. The City Council of Newport on the same day offered a bounty of the same sum to complete its quota, and everywhere
